

EXHIBITOR PROSPECTUS

You are invited to exhibit at the 2015 SCINT Conference which is devoted to the latest developments on scintillation detectors. Scintillators are needed in many fields of research including the classical applications in nuclear, hadron and high-energy physics, and astrophysics. A strong impact on daily life is given by medical applications in therapy and diagnostics as well as homeland security.

The conference is hosted by the Lawrence Berkeley National Laboratory, and is sponsored by the IEEE/NPSS.

Official Invitation from the Conference Chair

Dear Prospective Exhibitor,

The SCINT 2015 vendor exhibit will be held at the Hotel Shattuck Plaza in downtown Berkeley, California, on June 7-12, 2015. The International Conference on Inorganic Scintillators and Their Applications is held biannually and serves as the premier forum for interdisciplinary research and development of scintillators. Historically, this event has congregated more than 200 scientists, educators, engineers and organizations sharing ideas, concepts and discoveries about scintillators. This conference travels between three continents, and we are proud to host the 2015 edition in Berkeley. Given the characteristics of the San Francisco Bay Area, it represents a unique opportunity for the exhibitors. Berkeley is home to the world-renowned University of California at Berkeley and Lawrence Berkeley National Laboratory. The venue is also close to Silicon Valley and its many outstanding high-technology companies, Stanford University, Livermore and Sandi National Laboratories.

The conference will select papers on scintillators for applications including high energy physics, nuclear physics, astrophysics and astroparticle physics, nuclear fusion, medical physics, space instrumentation, nuclear power instrumentation, security and safety, and general radiation instrumentation.

See the prospectus for more details. In addition to the basic booth packages, we are soliciting sponsorship for other aspects of the conference, including social events, food/beverage breaks, the Sunday evening reception and Thursday evening banquet, student travel grants, etc. If you are interested, please, contact Carmen-Alyce Murray (see below) for more information about these opportunities. The Lawrence Berkeley National Laboratory hosts the conference: visit us at SCINT2015.lbl.gov.

Exhibitor participation is important for the success and relevance of our conference. We encourage you to reserve quickly as only a small number of exhibit spaces are available. We look forward to welcoming you at the SCINT 2015 Exhibition.

Sincerely,

William W. Moses, Chair
